

Solution Overview

Tiburon

Published: July 2009

During 2006, 2007, 2008 and 2009 4QTRS contracted with Tiburon to develop several, custom web applications and a Windows Presentation Foundation GUI to their Computer Aided Dispatch System.

Solutions

In4M – a web based Criminal Investigation Case Management solution.

Tiburon Intranet – a web based Intranet for sharing, collaboration, and team management.

CADGUI – a Windows Presentation Foundation client for Computer Aided Dispatch

HSM – a web based Hospital Status Management solution.

Benefits

- Rapid, go to market, leveraging the subject matter expertise of the 4QTRS development and product management team.

Technical experience and expertise

4QTRS provided experienced subject matter experts as they relate to Project Management, Needs Analysis, Industry Focus Groups and Surveys, Windows Presentation and Microsoft's Windows SharePoint Solutions development.

Customer Profile

For nearly 30 years, Tiburon has provided dispatch, mobility, records management, and corrections management systems that meet the uncompromising demands of federal, regional, and metropolitan law enforcement, fire & rescue, and corrections agencies

Business Situation

Tiburon integrated product suite consists of the industry's most capable, scalable and reliable dispatch, mobile, records management and corrections management solutions – built specifically for the needs of public safety and security agencies. In moving to the Next Generation Product Suite, Tiburon needed to employ the latest Microsoft Technology stack of Windows Presentation Foundation and Windows SharePoint services; 4QTRS provided industry expertise to achieve those goals.
